Investigation Committee Report to the Board of Directors Summary of Decisions Reporting Period: May – August 2019

This report provides information on decisions made by the CLPNM Investigation Committee during the time frame identified above. Many cases remain open across multiple reporting periods, and as such, the decisions below do not reflect all decisions made by the Committee in relation to each case.

The Investigation Committee considers the unique circumstances of each case when making its decisions. For that reason, complaints described as having a similar subject matter in this report may be associated with different decisions.

Subject of Complaint	Committee Decisions Made in Reporting Period	
Failure to demonstrate the appropriate knowledge, skill and judgment related to the principles of safe medication administration.	An investigation was ordered and reviewed by the Committee.	
Failure to demonstrate the appropriate knowledge,	The Committee referred the registrant for further assessment.	
skill and judgment related to documentation.	Conditions/restrictions were applied to the
