

CREDENTIAL ASSESSMENT APPLICATION GUIDE FOR IENS

This guide is under construction.

Please note the following:

The CLPNM still requires an advisory report from the NNAS however you may open a file before you finish the NNAS process.

The CLPNM accepts applicants even if their NNAS advisory report is not comparable.

The CLPNM now accepts alternatives to language testing as evidence of language proficiency. See our policy here [LINK](#) (link to the policy on language on the website now)

Language tests do not expire if applicants are actively working with the CLPNM.

The CLPNM has options for IENs who wish to undertake paid practice during the credential assessment process.

Please email info@clpnm.ca if you have any questions.

Earn and Learn: The SIEN program has been established to provide IENs deemed eligible by the CLPNM, the opportunity to be employed and work, in a supervised capacity, for a Manitoba regional health authority (RHA), while waiting to complete bridging education.

This paid practice program offers eligible IENs the opportunity to:

- Enter into practice in Manitoba sooner.
- Gain exposure to the Canadian health care system
- Be given time away from work to participate in bridging courses

Revised: May 24, 2023

The National Nursing Assessment Service (NNAS)

A project nine years in the making, the National Nursing Assessment Service (NNAS) streamlines the registration application process for internationally educated nurses (IENs) who want to become Licensed Practical Nurses (LPNs), Registered Nurses (RNs), or Registered Psychiatric Nurses (RPNs) in Canada. This application process went into effect August 12, 2014.

The NNAS is the mandatory first step for any internationally educated nurse (IEN) applicant who:

- is a graduate of an entry-level nursing education program outside of Canada, and
- is not currently registered to practise as a nurse anywhere within Canada as a Licensed Practical Nurse (LPN), a Registered Nurse (RN) or as a Registered Psychiatric Nurse (RPN).

Through the NNAS's web portal (www.nnas.ca), IEN applicants will submit their applications (including supporting documents, credentials, and assessment fee) for initial review through a secure online environment, and they will have the opportunity to indicate which jurisdiction(s) in Canada they wish to seek registration. The NNAS will conduct an initial review of an applicant's documentation, and they will provide an advisory report to the jurisdiction(s) where the applicant wishes to seek registration. The nursing regulatory body will conduct the complete assessment and make the registration decision regarding an IEN applicant's eligibility for registration.

The implementation of the NNAS has helped to provide greater transparency and timeliness in the registration application process. Other benefits of the NNAS to IEN applicants include the ability to:

- complete and pay online for the initial assessment of their nursing education and credentials;
- track the status of their applications online;
- apply to more than one nursing profession at once, and to multiple jurisdictions within Canada;
- send documents (i.e., education transcripts and registration documents) to one central location, and
- access a toll-free customer care line with service in both English and French.

Applying for Registration with the CLPNM

If you want to register with the College of Licensed Practical Nurses of Manitoba (CLPNM), you must first apply online through the NNAS—a national online application service developed by nursing regulatory bodies across Canada. Please see their website at www.nnas.ca for more information about the application process. Before you apply, it is strongly recommended that you read the NNAS Applicant Handbook and the frequently asked questions (FAQs) on their website.

The CLPNM

The College of Licensed Practical Nurses of Manitoba (CLPNM) is the Government-authorized regulator for all practical nurses in Manitoba. The CLPNM maintains a registry of student practical nurses, graduate practical nurses, and licensed practical nurses, and enforces the rules that govern the profession. The duty of the CLPNM is to carry out its activities and oversee its members in a manner that serves and protects public safety.

The Licensed Practical Nurses Act and the Licensed Practical Nurses Regulation state that if you wish to practice as a licensed practical nurse (LPN) in Manitoba, you must be registered with the CLPNM.

The Credential Assessment Process

Once your application file has been reviewed by the NNAS, the NNAS will send your advisory report to the CLPNM. The CLPNM will assess your advisory report by assessing several things related to competency, such as: nursing education and nursing work experience. The main reason for this assessment is to make sure that a nurse from outside of Manitoba has the same level of knowledge, skills, and judgement as a nurse who has graduated from a Manitoba entry-level practical nursing education program. All Manitoba practical nursing education programs are approved by the Board of Directors of the CLPNM and undergo annual reviews. These programs are designed to teach students the necessary nursing skills and knowledge (competencies) required in order to successfully practise practical nursing to its full scope in Manitoba. The scope of practice for Manitoba LPNs is also defined by Provincial laws. Educational programs from outside Manitoba are assessed to make sure that nurses coming to Manitoba are able to perform their duties safely and competently in order to protect the public.

Once the CLPNM has received your advisory report, you may apply to the CLPNM. This application process includes a fee and three (3) forms. Please follow the instructions on each form.

Making a false or misleading statement or representation on your application or supporting documents may result in the cancellation of your application for registration, or of your active practicing registration should it be granted.

If you have any questions that you do not feel are covered in this guide, please check the FAQs on NNAS' website at www.nnas.ca and the FAQ section of this guide before contacting the NNAS or the CLPNM.

A Fair Approach

Each CLPNM applicant is unique. While the CLPNM has a standardized process, it is not "one size fits all." The CLPNM tries to be as fair as possible while still upholding its mandate to serve and protect the public.

Disclaimer

The official registration decision of the CLPNM will be communicated in writing, and no verbal representations or warranties by any staff of CLPNM will be binding on CLPNM or relevant to the assessment process by CLPNM or any subsequent appeal to the Board of CLPNM.

Seeking Registration Elsewhere

Please advise the CLPNM if you are actively seeking registration in another Canadian jurisdiction and/or in a different nursing profession.

If during the credential assessment process with the CLPNM you are planning on seeking registration in another Canadian jurisdiction and/or in a different nursing profession, please click [here](#) for important information. If after having read this information you have any additional questions, please contact the CLPNM by email at info@clpnm.ca to discuss your options.

Please read the following information carefully:

Nursing Exam:

If at any time during the credential assessment process with the CLPNM you pass a Canadian nursing exam, such as the CPNRE, REx-PN, or the NCLEX-RN, please contact the CLPNM.

Registering as a Nurse:

If at any time during the credential assessment process with the CLPNM you become registered as a nurse (LPN, RN, RPN) anywhere in Canada, please contact the CLPNM.

Bridging Program for IENs:

If at any time during the credential assessment process with the CLPNM you become eligible to take the Bridging Pathway for Internationally Educated Nurses (BPIEN) at Red River College, please contact the CLPNM.

The Credential Assessment Application Process for IENs

Before Opening a File

In order to be **eligible** to open a credential assessment application file with the College of Licensed Practical Nurses of Manitoba (CLPNM), you must:

- have applied online through the NNAS; the NNAS must have completed the review of your file and issued an advisory report to you and to the CLPNM;
- have graduated from an entry-level nursing program.

Opening a File

The CLPNM will open a credential assessment file for you once you have submitted the following documents as one complete package:

- Paid the credential assessment fee of \$315.00 includes GST
 - Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.
- Filled out and submitted the Credential Assessment Application form
- Submitted two pieces of valid government-issued ID (one with photo)
 - Examples of government ID include a valid Canadian driver's license, a valid Canadian passport, a valid MB Health Card, or a permanent resident card (copy of front and back).

Note: Your two pieces of valid government-issued ID (one with photo) may be digitally submitted to the CLPNM or submitted by mail. Please click [here](#) for information on how to digitally submit your ID to the CLPNM. Copies submitted by mail must be notarized by a Notary Public.

All of the above information is required as one complete package in order for a file to be considered "opened" with the CLPNM.

Once you have opened a file, the CLPNM will respond by email within ten business days. You will receive an email informing you of your login credentials in order to access your CLPNM online profile.

All applicants registered with the CLPNM must ensure that their home address, phone number(s), and email address are always kept current and up to date. You can check and

update this information on the [CLPNM website](#) by clicking on "For Registrants" at the top of the home page, and then by clicking on "Login to Your Online Profile."

Important note:

The CLPNM does not store documents submitted before a file has been opened. Any documents received for applicants who have not yet opened a file will be destroyed thirty days after receipt.

Application Forms

Each application form is described below.

1. Credential Assessment Application

In order to complete the Credential Assessment Application form, please follow the instructions below:

NNAS ID Number: please fill in your NNAS ID number.

NNAS Application Number: please fill in your NNAS application number.

Personal Information: please fill in your personal information.

Disclaimer: please read, sign, and date the disclaimer.

Important Information: please read and follow the instructions.

General Information: please respond to all general information questions. All general information questions must be answered in order for your application form to be accepted and processed.

Declaration: please read, sign, and date the declaration.

Payment: please indicate your method of payment.

- Fee: \$315.00 includes GST. (Fees are subject to change.) The CLPNM accepts Visa, MasterCard, Money order or e-transfer. See the [IEN Fee Fact Sheet](#) for more information.

Government ID: submit two pieces of valid government-issued ID (one with photo).

- Examples of government ID include a valid Canadian driver's license, a valid Canadian passport, a Canadian citizenship card or a permanent resident card (copy of front and back).

Note: Your two pieces of valid government-issued ID (one with photo) may be digitally submitted to the CLPNM or submitted by mail. Please click [here](#) for information on how to digitally submit your ID to the CLPNM. Copies submitted by mail must be notarized by a Notary Public.

2. Disclosure

In order to complete the Disclosure form, please follow the instructions below:

NNAS ID Number: please fill in your NNAS ID number.

NNAS Application Number: please fill in your NNAS application number.

Personal Information: please fill in your personal information.

Disclosure: please check YES or NO to the mandatory questions. All questions must be checked, or the form will not be accepted as complete. Please note that depending on your responses, additional information and/or documentation may be required by the CLPNM.

Declaration: please read, sign, and date the declaration.

Suitability Checks:

Criminal record checks, child abuse registry checks and adult abuse registry checks are referred to as [suitability checks](#).

Criminal Record Check with Vulnerable Sector Search

A criminal record check with a vulnerable sector search can be obtained from the Royal Canadian Mounted Police (RCMP) or the Winnipeg Police Service (WPS). You may apply to the RCMP by visiting any RCMP detachment. If you are a resident of the City of Winnipeg, the WPS provides you the option of applying online or in person. Note that the WPS website refers to a criminal record check as police information check. Please visit their website for details:

<http://www.winnipeg.ca/police/pr/pic.stm#pic>

If you apply for a criminal record check with the Winnipeg Police Service online, you now have the option of having the result submitted to the CLPNM electronically. Be sure to add College of Licensed Practical Nurses of Manitoba as an agency that you wish to have access to the results. The CLPNM will then be able to view the results through the online portal, and you will not need to submit any paper documentation for this particular check. At this time, the Manitoba Child and Adult Abuse Registries provide paper-based registry checks only.

Child Abuse Registry Check

Child abuse registry checks must be obtained from the Manitoba Child Abuse Registry. The registry provides the option to apply online, by mail, or in person. Please visit their website for details: https://www.gov.mb.ca/fs/childfam/child_abuse_registry.html

Adult Abuse Registry Checks

Adult abuse registry checks must be obtained from the Manitoba Adult Abuse Registry. The registry provides the option to apply online, by mail, or in person. Please visit their website for details: https://www.gov.mb.ca/fs/pwd/adult_abuse_registry.html

For more information about these three suitability checks, please see [here](#).

Note: Your suitability checks may be digitally submitted to the CLPNM or submitted by mail. Please click [here](#) for information on how to digitally submit your suitability checks to the CLPNM. Copies submitted by mail must be notarized by a Notary Public.

Language Proficiency

As of November 2022, proof of language proficiency is no longer required to open a credential assessment application. Language proficiency requirements can be met later in the application process; however, the language proficiency form, and proof of language test scores (if applicable), must be provided prior to enrolling in any bridging education, or applying for registration as a Graduate Practical Nurse, whichever comes first.

Any applicant whose first/primary language is not English or French must provide evidence of achieving the required language test scores from one of the English or French Board-approved language proficiency tests.

- First / primary language is defined as:
 - the language you first learned and understood in childhood, AND
 - the language you primarily use for reading, writing, listening, and speaking, AND
 - the language you know best and are most comfortable with.

In order to complete the Language Proficiency form, please follow the instructions below:

NNAS ID Number: please fill in your NNAS ID number.

NNAS Application Number: please fill in your NNAS application number.

Personal Information: please fill in your personal information, and then answer the questions. Do not forget to provide your signature and date.

Important Information: please read this information carefully.

Board-Approved Language Proficiency Tests

- Fee: see the individual language proficiency test's website.

Name of Board-Approved Test	Minimum Scores Required by CLPNM	Testing Centre locations and Contact Information
CELBAN (Canadian English Language Benchmark Assessment for Nurses)	Listening: 9 Reading: 8 Writing: 7 Speaking: 8	Canadian English Language Benchmark Assessment for Nurses Website: www.celbancentre.ca The CLPNM strongly advises that applicants complete a CELBAN Readiness Self-Assessment (and take English as an Additional Language classes) before writing the exam.
IELTS (International English Language Testing System) *Academic Version only	Listening: 7.0 Reading: 6.5 Writing: 6.5 Speaking: 7.0	International English Language Testing System Website: www.ielts.org The CLPNM strongly advises that applicants take English as an Additional Language classes before writing the exam.
TEF Canada (Test d'évaluation de Français)	Compréhension orale (Listening): 4 Compréhension écrite (Reading): 4 Compréhension écrite (Writing): 4 Expression orale (Speaking): 5	Test d'évaluation de Français Website: http://www.alliance-francaise.ca/en/exams/tests/tef-canada

For more information about language requirements, please see [here](#).

Completing a File

Important note:

If you originally wrote and passed the June 2006 board exam in the Philippines, you must provide proof of having successfully completed the special voluntary examination, which was authorized by the Philippine Department of Labour and Employment (DOLE), Parts III (3) and V (5). Successful completion is the achievement of a score of 75% or better on these sections.

If you did not supply this document to NNAS, the Philippine Department of Labour and Employment will need to submit this document to the CLPNM. Without this document, your file will remain incomplete.

Your file is considered complete once you have submitted all of the information required for the credential assessment to occur, which means that the CLPNM has received your advisory report from the NNAS and all of the necessary additional CLPNM forms and documentation for your application.

The CLPNM will review your NNAS advisory report (including CLPNM's additional forms and documentation) in order to determine the outcome of your paper-based assessment.

The CLPNM will not contact you to let you know if your file is incomplete. It is up to you to follow-up with the CLPNM to see if your file is complete and/or to see which application forms or documents are missing.

Note: the nursing regulatory bodies (RBs) across Canada receive a more detailed and complex Advisory Report than the version you receive. The difference between the reports is that the RBs receive a list of attributes (competencies) that could not be found in your course syllabi submitted by your nursing school to the NNAS. This is not necessarily to say that you do not possess these competencies, but it means that they could not be found in your nursing course syllabi. The CLPNM may then use other methods to assess if you possess the competencies not reflected in the Advisory Report. If you wish to review your Advisory Report submitted to the CLPNM, you may contact the Registration Consultant at khalligan@clpnm.ca in order to book an appointment.

Rules for Documents

Copies

Most documents, if received by fax, will not be accepted. Some documents, if received by email, will be accepted. Please contact the CLPNM at info@clpnm.ca for a list of these documents. You may digitally submit your two pieces of valid government-issued ID (one with photo) and your suitability checks. Please click [here](#) for information on how to digitally submit these documents. If you choose to submit these documents by mail, they must be notarized by a Notary Public.

Translated Documents

All documents submitted to the CLPNM must be in the English language (i.e., transcripts). If your documents are not in the English language, they must be translated by a Canadian certified translator and then submitted to the CLPNM (along with the original documents).

Storage of Documents

The CLPNM does not store documents submitted before a file is opened. Any documents received for applicants who have not yet opened a file will be destroyed thirty days after receipt.

Expired Files

After receiving your advisory report from the NNAS and determining that you have met CLPNM's eligibility requirements, you have one year to open AND to complete your credential assessment application file. If you do not open AND complete your file within one year, your file will be closed, and your documents will either be stored or destroyed as per CLPNM's record retention policy. (A completed file includes your NNAS advisory report, your CLPNM fee and the required CLPNM documents.)

Expiration and Validity of Specific Documents

1. Suitability Checks

To be accepted as valid, your criminal record check that is based on a Canada-wide search and which includes a vulnerable sector search, your Manitoba-issued child abuse registry check and your Manitoba-issued adult abuse registry check must have been issued by the relevant government authority within six months of the date they are submitted to the CLPNM.

2. Language Proficiency Test

Your language test scores are considered current for two years from the date the test was administered. If your scores expire while you are still actively pursuing licensure as an LPN with the CLPNM (i.e., waiting for a clinical competence assessment; taking the Practical Nursing Qualification Recognition program) you do not need to submit a new language proficiency test, unless the CLPNM determines it is warranted.

NOTE: you may be required to submit new suitability checks and/or a new language proficiency test if:

- your submitted documents expire before all requirements for your credential assessment file have been received by the CLPNM, and/or
- the CLPNM deems that updated documents are warranted in order to complete the file.

Entry-level Competencies of an LPN in Manitoba

To qualify for registration, all applicants to a CLPNM register must possess, at minimum, the entry-level competencies of the practical nursing profession in Manitoba. The full list of entry-level competencies is available [here](#). For further information regarding the full scope of LPN competencies, please see [here](#). Unlike many other jurisdictions, in Manitoba, LPNs are educated to practice autonomously in complex environments with clients, from neonate to geriatric, with unpredictable and unstable conditions. The most common competency gaps notes in applicants from outside of Manitoba are in areas such as:

- Client population under five years of age
- Health Assessment across the entire lifespan
- Medication Administration and the Principles of Safe Medication Administration by all routes, across the entire lifespan
- Intravenous (IV) Therapy across the entire lifespan
 - IV Initiation & Maintenance
 - Preparing and Administering IV Medications (IV Secondary/IV Push)
- Central Line (CVAD) Therapy including Medication Administration across the entire lifespan
- Blood Product Administration including Initiation across the entire lifespan

- Maternity/Obstetrical Nursing
- Pediatric Nursing
- Community Health Nursing across the entire lifespan
- Nursing Leadership (charge nurse role, interprofessional collaboration)

Credential Assessment Outcomes

The following list provides the possible outcomes of your paper-based credential assessment:

1. Graduate Practical Nurse (GPN) Registration & Canadian Practical Nurse Registration Exam (CPNRE)

Competencies are fully met

If you meet all of the entry-level competencies to practice as an LPN in Manitoba based on your paper-based credential assessment, you will be eligible to apply to register as a Graduate Practical Nurse (GPN) AND eligible to apply to sit the Canadian Practical Nurse Registration Exam (CPNRE). Note: all other requirements to be licensed as an LPN in Manitoba must also be met (i.e., you do not have a criminal record; you have passed the jurisprudence session for Manitoba LPNs; you have met the language proficiency requirements of the CLPNM, etc.)

Competencies are met if your education matches the required entry-level competencies to practise as an LPN in Manitoba, and if you have worked 1000 hours or more in nursing in the last four years where you practised the same required entry-level competencies as an LPN in Manitoba.

2. Clinical Competence Assessment (CCA)

Competencies are partially met

If there are some gaps in your skills, knowledge and judgement based on your credential assessment, the CLPNM will refer you for a clinical competence assessment (CCA).

Competencies are partially met if:

- your nursing education includes some of the required entry-level competencies to practise as an LPN in Manitoba;
- you have nursing work experience, but not a total of 1000 hours or more in the last four years, or no hours in the last four years;

- you are a new graduate and have never worked in nursing;
- you have volunteer nursing work experience and/or experience working in another health care setting as a health care aid or personal support worker, but no nursing work experience, and/or
- you are unable to provide evidence related to one or more requirements due to extenuating circumstances (i.e., you are unable to obtain documents due to school closure or natural disaster; your employer/nursing school refuses to fill out foreign forms, etc.)

3. Bridging Education

Competencies are partially met

If there are some gaps in your skills, knowledge and judgement based on your credential assessment that can be directly addressed by bridging education, the CLPNM will refer you.

4. Diploma in Practical Nursing (DPN)

Competencies are not met

If the gaps in your education, experience, skills, knowledge, and judgement found based on your paper-based credential assessment are too significant to be addressed by the Practical Nursing Qualification Recognition (PNQR) Program, the CLPNM may feel that it is in the public's best interest to refer you to the Diploma in Practical Nursing (DPN) program.

Competencies are not met if:

- your nursing education does not meet most or all of the required entry-level competencies to practise as an LPN in Manitoba;
- you are not a recent graduate from a nursing education program, and
- you have no work experience as a nurse, no volunteer nursing work experience and no experience working in another health care setting.

Canadian Practical Nurse Registration Exam (CPNRE) Outcomes

The following list provides the possible outcomes of the CPNRE:

1. Pass the CPNRE

Once you pass the CPNRE, you are eligible to apply for active practicing registration, which means you can work as an LPN in Manitoba.

- Initial Active Practicing Registration Fee: \$666.75 includes GST
- Initial Active Practicing Registration Timeline: Once you receive email notification that you have successfully passed the CPNRE, you have ninety days from the date of the notification to apply for active practicing registration. If you do not apply within the ninety days, you may face a re-assessment.

NOTE: your GPN registration will expire thirty days from the date of the email notification or on your individual GPN expiry date, whichever comes first.

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

2. Fail the CPNRE once

If you fail the CPNRE on your first exam attempt, you must sit the exam at the next available window.

- Renew GPN Registration Fee: \$131.25 includes GST
- Renew GPN Registration Timeline: your GPN registration expires after four months and must be renewed if you have not received notification from CLPNM that you have passed the CPNRE.
- GPN Condition: the registrant must be supervised by a Licensed Practical Nurse, Registered Nurse or a Registered Psychiatric Nurse who is readily available as per the CLPNM's Practice Direction entitled "[Graduate Practical Nurse Practice](#)."
- CPNRE Fee: \$630.00 includes GST
- CPNRE Condition: Graduate practical nurse registration is immediately cancelled if the registrant does not pass the next writing of the CPNRE.
- Scheduling fee for exam (paid to Yardstick): \$110.25 includes GST

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

- CPNRE Timeline: the exam is offered six times per year; click [here](#) for specific dates. Please be aware that you must sit the exam when directed to do so by the CLPNM. Missed opportunities are considered a failed attempt.

3. Fail the CPNRE twice

If you fail the CPNRE for a second time, your GPN registration will be immediately cancelled, and your employer will be notified. You will **not** be eligible to renew your GPN registration and will therefore **not** be eligible to sit the CPNRE. Prior to a third attempt at the CPNRE, the Executive Director of the CLPNM will determine your next step(s), which may include a clinical

competence assessment (CCA) and/or the successful completion of courses through Continuing Education at Assiniboine Community College (ACC), both at your own expense.

- Clinical Competence Assessment Fee: \$1425.00 (This amount is not set by CLPNM and is payable to Université de Saint-Boniface.)
- Clinical Competence Assessment Timeline: the assessment takes one to two days to complete and can usually be scheduled within a month.
- Continuing Education: varies based on CLPNM referral
- Continuing Education Timeline: varies based on CLPNM referral

Clinical Competence Assessment (CCA) Outcomes

The following list provides the possible outcomes of the CCA:

1. Graduate Practical Nurse (GPN) Registration & Canadian Practical Nurse Registration Exam (CPNRE)

Competencies are fully met

If you successfully demonstrate the required entry-level competencies to practise as an LPN in Manitoba based on your CCA, you will be eligible to apply to register as a Graduate Practical Nurse (GPN) AND eligible to apply to sit the Canadian Practical Nurse Registration Exam (CPNRE). Note: all other requirements to be licensed as an LPN in Manitoba must also be met (i.e., you do not have a criminal record; you have passed the jurisprudence session for Manitoba LPNs; you have met the language proficiency requirements of the CLPNM etc.)

2. Supervised Student - Internationally Educated Nurse (SIEN) Program

Competencies are mostly met

If you meet most, but not all of the required entry-level competencies to practise as an LPN in Manitoba during your CCA, the CLPNM may refer you to the SIEN Program.

3. Bridging Education

Competencies are partially met

If you demonstrate some of the required entry-level competencies to practise as an LPN in Manitoba during your CCA, the CLPNM may refer you for bridging education.

4. Diploma in Practical Nursing (DPN)

Competencies are not met

If you did not demonstrate most or all of the required entry-level competencies to practise as an LPN in Manitoba during your CCA, the CLPNM may feel that it is in the public's best interest to refer you to the Diploma in Practical Nursing (DPN) program, as the gaps in your skills, knowledge, and judgement found based on your CCA would be considered too significant to be addressed by the PNQR program.

Practical Nursing Qualification Recognition (PNQR) Program Outcomes

The following list provides the possible outcomes of the PNQR:

1. Graduate Practical Nurse Registration (GPN) & Canadian Practical Nurse Registration Exam (CPNRE)

Competencies are met

Based on your results from the PNQR classes or full program, the CLPNM may declare that you are eligible to apply to register as a Graduate Practical Nurse (GPN) AND that you are eligible to apply to sit the Canadian Practical Nurse Registration Exam (CPNRE). Note: all other requirements to be licensed as an LPN in Manitoba must also be met (i.e., you do not have a criminal record; you have passed the jurisprudence session for Manitoba LPNs; you have met the language proficiency requirements of the CLPNM etc.)

2. Practical Nursing Qualification Recognition (PNQR) Program

Competencies are partially or not met

If you do not successfully complete the requirements of the PNQR program, you may be eligible to repeat some or all the courses in this program, in which you would require a referral from the CLPNM. (You can only repeat the PNQR program once.)

NOTE:

- If you have to repeat part or all of the PNQR program and you successfully complete the requirements, you will then be eligible to apply to register as a Graduate Practical Nurse (GPN) AND eligible to apply to sit the Canadian Practical Nurse Registration Exam (CPNRE). Note: all other requirements to be licensed as an LPN in Manitoba must also be met (i.e., you do not have a criminal record; you have passed the jurisprudence session for Manitoba LPNs; you have met the language proficiency requirements of the CLPNM etc.)
- If you do not successfully complete all of the requirements, the Executive Director of the CLPNM will determine your next steps, which may include a clinical competence assessment (CCA) or a referral to the Diploma in Practical Nursing (DPN) program, both at your own expense.

Graduate Practical Nurse (GPN) Registration and the Canadian Practical Nurse Registration Exam (CPNRE)

In order to become a Licensed Practical Nurse (LPN) in Manitoba, you must pass the CPNRE.

You must sit the examination at the first scheduled exam window following registration as a graduate practical nurse (GPN). (Any unauthorized missed attempt will result in a failure mark and the loss of opportunity.)

- GPN Registration Fee: \$131.25 includes GST

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

- GPN Registration Timeline:

Once you are eligible to apply for your GPN registration, you will receive email notification explaining that you have four weeks from the date of the email to apply.

NOTE: your GPN registration expires after four months and must be renewed if you have not passed the CPNRE.

GPN Condition: the registrant must be supervised by a Licensed Practical Nurse, Registered Nurse or a Registered Psychiatric Nurse who is readily available as per the CLPNM's Practice Direction entitled "[Graduate Practical Nurse Practice](#)."

- CPNRE Fee: \$630.00 includes GST
- Scheduling fee for exam (paid to Yardstick): \$110.25 includes GST

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

- CPNRE Timeline: the exam is offered six times per year; click [here](#) for specific dates. Please be aware that you must sit the exam when directed to do so by the CLPNM. Missed opportunities are considered a failed attempt.

You have a maximum of three opportunities to sit and pass the exam.

In the event that you do not pass your first attempt at the CPNRE, you must sit the exam in the next available exam window. (You will be expected to renew your GPN registration after four months.) Your GPN registration will be subject to the following registration condition:

CPNRE Condition: Graduate practical nurse registration is immediately cancelled if the registrant does not pass the next writing of the CPNRE.

If you fail a second time, your GPN registration will be immediately cancelled, and your employer will be notified. You will **not** be eligible to renew your GPN registration and will

therefore **not** be eligible to sit the CPNRE. The Executive Director of the CLPNM will determine your next step(s), which may include a clinical competence assessment (CCA) and/or remedial education, both at your own expense.

For information on exam window dates and computer-based testing please see [here](#).

For more information about the CPNRE, please see [here](#).

Clinical Competence Assessment (CCA)

Many IENs are required to undergo a clinical competence assessment (CCA). The CCA permits you to demonstrate your competencies and allows the CLPNM to assess if you have the competencies expected of an entry-level licensed practical nurse (LPN) in Manitoba. If you are referred to undergo a CCA, you will receive an email with written instructions on how to proceed.

NOTE: IENs who are unsuccessful in their first CCA may be given the opportunity to repeat it, at the discretion of the Executive Director.

For more information about the clinical competence assessment (CCA) please see [here](#).

You must have a referral from the CLPNM

- Fee: \$1425.00 (This amount is not set by CLPNM and is payable to Université de Saint-Boniface.)
- Timeline: the assessment takes one to two days to complete and can usually be scheduled within a month.

Supervised Student - Internationally Educated Nurse (SIEN) Program

The SIEN program has been established, with specific Manitoba employers, to provide IENs deemed eligible by the CLPNM, the opportunity to be employed and work, in a supervised capacity, for a Manitoba regional health authority (RHA), under the supervision of another regulated nurse (LPN, RN, RPN), while waiting to complete bridging education requirements. Applicants eligible for the SIEN program will have only a minimal number of competency gaps noted in the CCA,

This paid program offers eligible IENs the opportunity to:

- Enter into practice in Manitoba sooner.

- Gain exposure to the Canadian health care system, and to Canadian health care culture in an environment where the IEN would have access to support from other nurses.
- Be given time away from work so that the IEN can participate in their required courses, when they are offered.
- Complete the required supervised clinical experience (360 hours) through paid SIEN employment, which means the IEN is not be required to completed a separate clinical practicum through an education institution.

Applicants referred to the SIEN program may be required to complete one or more courses through Continuing Education at Assiniboine Community College (ACC), prior to being eligible to begin the supervised student employment.

As part of this program, all applicants will be required to complete the following courses in the PNQR program:

- COMM-0395: Professional Communication
- HLTH-0274: CPNRE Prep

Please note that to enter the paid SIEN program, all applicants must have a referral from the CLPNM, and sign an undertaking agreement.

- Courses through Continuing Education: please refer to the section Remedial Education of this Guide for possible courses you may be required to take. While fees are provided, they are not set by the CLPNM; they are payable to ACC, and they are subject to change.
- PNQR Program Application Fee: \$95.00 (this amount is not set by the CLPNM; it is payable to ACC, and subject to change.)
- Applicable PNQR Course Fees: (these amounts are not set by CLPNM; they are payable to ACC, and subject to change.)
 - Professional Communication: \$434.18
 - CPNRE Prep: \$138.38
- Student Practical Nurse Registration Fee: \$78.75 includes GST (valid only while participating in bridging education and in the SIEN program)

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

- SIEN Timeline:
 - Courses through Continuing Education are mostly by distance education, and you have 4 months to complete them.
 - The supervised clinical experience is 360 hours.
 - The course Professional Communication is an online 10-week course that includes synchronous and asynchronous learning.
 - The CPNRE prep course is usually offered over a three-week timeframe, but it is only once per week.

Practical Nursing Qualification Recognition (PNQR) Program

Many IENs must take some or all the courses in the PNQR program at Assiniboine Community College (ACC). If you were able to demonstrate some nursing knowledge, skills, and judgement that are required for an entry-level LPN in Manitoba, the CLPNM may refer you to courses in the PNQR program. The PNQR program includes courses that occur in the classroom and online. You must be able to attend ACC's Winnipeg campus and have the ability to access some classes online. Please note that course names and program requirements are subject to change.

The PNQR program consists of the following ten-week courses:

- Professional Communication
- Nursing Skills Review
- Pharmacology Review
- Physical Health Assessment

The PNQR also includes two practicums:

- Long Term Care—three weeks
- Acute Care—four weeks

If you successfully complete your required education, you will be eligible to take the CPNRE Prep class.

Please note that you must have a referral from the CLPNM.

- PNQR Program Application Fee: \$95.00 (this amount is not set by the CLPNM and is payable to ACC.)

- Full PNQR Program Fee: \$2425.75 (This amount includes tuition and books and is not set by the CLPNM and is payable to ACC.)
- Individual PNQR Courses/Practicum Fees: (these amounts are not set by CLPNM; they are payable to ACC, and subject to change.)
 - Professional Communication: \$434.18
 - Nursing Skills Review: \$204.57
 - Pharmacology Review: \$204.57
 - Physical Health Assessment: \$204.57
 - Long Term Care Practicum: \$148.92
 - Acute Care Practicum: \$198.56
 - CPNRE Prep: \$138.38
- Student Practical Nurse Registration Fee: \$78.75 includes GST (valid only while in the PNQR program)

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

- PNQR Timeline:
 - The PNQR is currently offered twice a year in April and August (program dates subject to change).
 - Each course is ten weeks of classroom instruction, followed by seven weeks of practicum, and then one week of CPNRE Prep.

Refresher Education

If you were only able to demonstrate some nursing knowledge, skills and judgement that are required for an entry-level LPN in Manitoba, and your gaps cannot be solely addressed by the PNQR program, the CLPNM may refer you to additional refresher education, which may include the following courses at Assiniboine Community College (ACC):

- Health Care Systems
- Pharmacology Theory
- Pharmacology Clinical
- Pharmacology Lab
- Physical Health Assessment
- Health Prevention / Promotion
- Health Promotion Clinical
- Community Nursing
- Community Setting Clinical
- Maternal and Newborn
- Mother and Newborn Clinical
- Pediatric Nursing
- Pediatric Clinical
- Math for Nurses

Please note that you must have a referral from the CLPNM.

- Fees per Individual Course and / or Practicum: (these amounts are not set by the CLPNM; they are payable to ACC, and they are subject to change.)
 - Health Care Systems: \$595.00
 - Pharmacology Theory: \$495.00
 - Pharmacology Clinical: \$285.00
 - Pharmacology Lab: \$429.00
 - Physical Health Assessment: \$650.00
 - Health Prevention / Promotion: \$595.00
 - Health Promotion Clinical: \$495.00
 - Community Nursing: \$495.00
 - Community Setting Clinical: \$325.00
 - Maternal and Newborn: \$495.00

- Mother and Newborn Clinical: \$285.00
- Pediatric Nursing: \$495.00
- Pediatric Clinical: \$285.00
- Math for Nurses: \$199.00
- Student Practical Nurse Registration Fee: \$78.75 includes GST (valid only while taking courses through Continuing Education)

Fees are subject to change. See the [IEN Fee Fact Sheet](#) for more information.

- Continuing Education Timeline:
 - Varies based on CLPNM referral

Diploma in Practical Nursing (DPN)

If you were not able to demonstrate the full range of nursing education, experience, knowledge, skills, and judgement that are required for an entry-level LPN in Manitoba, and your gaps are too significant to be addressed by the SIEN or PNQR programs, or by refresher education, the CLPNM may refer you to the Diploma in Practical Nursing (DPN) program.

- Fee: depends on the educational institution (approximate cost: \$9500.00)
- Timeline: approximately two years

The following post-secondary institutions in Manitoba offer the Diploma in Practical Nursing (DPN) program:

- Assiniboine Community College
- Université de Saint-Boniface (French program)
- University College of the North

Registration Decision Appeal Process

If after receiving the final registration decision you are not satisfied, you may appeal the decision in writing within thirty (30) days of receiving the Executive Director's decision letter, and request that the decision be reviewed. The letter must explain the reason for the review request. The Executive Director will contact you and request a meeting within ten (10) business days to attempt to resolve the appeal informally.

- Fee to pre-appeal registration decision to the Executive Director: free

You may be requested to submit any supporting documentation that was not included in the initial assessment of registration application.

Within ten (10) business days after the meeting, the Executive Director will send you a Final Notice of Decision. This correspondence will outline the final decision of the Executive Director and your right to appeal to the Board.

- Fee to appeal registration decision to the Board: \$210.00 includes GST

Fees may be subject to change. See the [IEN Fee Fact Sheet](#) for more information.

Please click [here](#) for more information about the registration decision appeal process.

Jurisprudence

One of the requirements before you can apply to become a Graduate Practical Nurse (GPN) and apply to sit the Canadian Practical Nurse Registration Exam (CPNRE), is that you must complete and pass an education session on the jurisprudence for LPNs in Manitoba. (You cannot take the jurisprudence education session until you have been directed to do so by the CLPNM.)

The jurisprudence education session includes a video presentation and an online test. You will receive an email with the link to the video presentation. The online test will be sent to you via SurveyMonkey in a separate email within one business day of the first email. Please make sure to check your inbox and junk folder for this communication.

The video session is approximately 95 minutes long, and you should set aside an additional 60 minutes to complete the online test. You must obtain a mark of 80% or higher to successfully complete this requirement. Should you be unsuccessful in obtaining a passing mark, you will be notified by email of the next steps. Please note that once you have submitted your quiz online via SurveyMonkey, CLPNM processing time takes 10 business days.

NOTE: Whenever possible, for students in the PNQR program, a consultant from the CLPNM will visit Assiniboine Community College (ACC) and conduct the jurisprudence education session in person.

Please read the [Standards of Practice and Conduct for Manitoba's Practical Nurses](#), [Code of Ethics](#), [CLPNM's Practice Directions and Guidance Documents](#), [By-Laws](#), and [Competencies](#) prior to attending the session. All of these documents can be found on CLPNM's website.

Resources

For additional CPNRE prep materials, outside of the CPNRE Prep course that is offered as part of the Practical Nursing Qualification Recognition Program, please refer to the resources below.

Canadian Practical Nurse Registration Examination (CPNRE) Predictor Test

The CPNRE Predictor Test, consisting of 85 multiple-choice questions, is a tool to help assess your readiness to write the CPNRE.

The questions on the CPNRE Predictor Test have been used on previous administrations of the CPNRE; they reflect the current CPNRE Blueprint used to create the CPNRE exam, and tests are available in English and French.

The CPNRE Predictor Test is offered by the exam provider, Yardstick Assessment Strategies (YAS), through their website at www.cpnre.ca for purchase. The fee for the Predictor Test is \$50.00.

The Canadian Practical Nurse Registration Exam Prep Test & Guide

The *Canadian Practical Nurse Registration Exam Prep Guide* is a comprehensive study tool consisting of 165 multiple-choice questions that will prepare you to write the CPNRE. You can benefit from the CPNRE Prep Guide whether you have several months or only a couple of weeks to prepare for the examination.

Success on the CPNRE depends on two key factors: (1) your knowledge of practical nursing principles and content; and (2) your ability to apply this knowledge in the context of specific health-care scenarios presented on the CPNRE. The CPNRE Prep Guide is designed to help you prepare to optimize both of these factors.

The CPNRE Prep Guide is a secure PDF document that contains information about the CPNRE, test-taking strategies, a full-length 165 multiple-choice question Practice Test, corresponding rationales for each option and two references per question. Your purchase includes access to an online version of the 165 multiple-choice questions Practice Test. The online Practice Test can be used to simulate taking the actual CPNRE.

The questions on the Practice Test have been used on previous administrations of the CPNRE and were created using the same examination development methods. The Practice Test reflects the current Blueprint. The online Practice Test is available in English and French and is delivered using the same test delivery system as the computer based CPNRE.

The CPNRE Prep Guide is offered by the exam provider, Yardstick Assessment Strategies (YAS), through their website at www.cpnre.ca for purchase. The fee for the CPNRE Prep Guide is \$95.00.

Financial Support

The Government of Manitoba has launched an initiative to provide IENs already in Manitoba with financial assistance for assessment and training costs to support their goal of working as a nurse in Manitoba. Please see the following news release for more information:

<https://news.gov.mb.ca/news/?archive=&item=51680>.

If you wish to supply for these supports, please visit: <https://forms.gov.mb.ca/iens-in-manitoba/>.

Please note that this funding program is administered by the Government of Manitoba. Any questions about this program should be sent [by email](#) to Manitoba Economic Development, Investment and Trade.

NNAS Frequently Asked Questions

For NNAS questions regarding: General Information, the Application Process, Required Documents, the Advisory Report, Fees, and Contacts please go to: www.nnas.ca.

CLPNM Frequently Asked Questions

1. I have passed the Canadian Practical Nurse Registration Exam (CPNRE) and I hold an active practicing license in another Canadian Province or Territory; can I become a nurse in Manitoba?
 - Yes. Please click [here](#) to review your options on how to apply to the CLPNM.
2. How long is my file open for?
 - Once the CLPNM has received your advisory report from the NNAS, you have one year in which to open AND to complete your credential assessment application file with the CLPNM.
3. Do you need my original documents for things like criminal record check and government-issued photo ID?
 - Yes and No.
 - Yes. If you choose to submit documents by mail, they must be originals or copies notarized by a Notary Public.
 - No. You may digitally submit your two pieces of government-issued ID (one with photo) and your three suitability checks. Please click [here](#) for information on how to digitally submit these documents.
4. Do you accept copies of documents certified by a Commissioner of Oaths, or does a lawyer have to notarize the documents?
 - No. Copies from a Commissioner of Oaths are not accepted. If you are submitting documents by mail, the CLPNM requires documents to be notarized by a Notary Public. The Notary Public must stamp, sign and date, and provide a seal on all documents being notarized.
5. If a specific application form for credential assessment does not apply to me, do I have to complete it and send it back to the CLPNM?
 - Yes. All application forms must be filled in and mailed back to the CLPNM.

6. Do I need a criminal record check with vulnerable sector search from Canada?
 - Yes. As part of the credential assessment application process, you need to submit a criminal record check that is based on a Canada-wide search, and which includes a vulnerable sector search. This can be obtained from the Royal Canadian Mounted Police (RCMP), or the Winnipeg Police Service (WPS). You may apply to the RCMP by visiting any RCMP detachment. If you are a resident of the City of Winnipeg, the WPS provides you the option of applying online or in person. Note that the WPS website refers to a criminal record check as police information check. Please visit their website for details: <http://www.winnipeg.ca/police/pr/pic.stm#pic>
7. How do I apply for a child abuse registry check?
 - Child abuse registry checks must be obtained from the Manitoba Child Abuse Registry. The registry provides the option to apply online, by mail, or in person. Please visit their website for details: https://www.gov.mb.ca/fs/childfam/child_abuse_registry.html
8. How do I apply for an adult abuse registry check?
 - Adult abuse registry checks must be obtained from the Manitoba Adult Abuse Registry. The registry provides the option to apply online, by mail, or in person. Please visit their website for details: https://www.gov.mb.ca/fs/pwd/adult_abuse_registry.html
9. Will you notify me when you receive my documents?
 - No. The CLPNM will not contact you to let you know if your documents have been received. It is up to you to follow-up with the CLPNM to see if your file is complete, or to see if any documents are missing.
10. Do I still need to submit proof of language proficiency to the NNAS?
 - No. Effective October 14, 2022, NNAS no longer collects language proficiency test scores as part of the NNAS' process. Instead, you must submit proof of language proficiency to the CLPNM, by providing the required language test scores from a Board approved test, prior to enrolling in any bridging education, or applying for registration as a Graduate Practical Nurse, whichever comes first.
11. Can I open a credential assessment file before completing the language proficiency requirements?
 - Yes. You must submit proof of language proficiency to the CLPNM, by providing the required language test scores from a Board approved test, prior to enrolling in any

bridging education, or applying for registration as a Graduate Practical Nurse, whichever comes first.

12. How do I check on the status of my file?

- To check the status of your CLPNM credential assessment application, please contact the CLPNM at info@clpnm.ca or by phoning 204.663.1212.

13. When the CLPNM has received all the required documents, how long does it take for my file to be assessed?

- Once the CLPNM has received your NNAS advisory report, and the additional documents (and fee) required by the CLPNM, it takes approximately four weeks for your file to be assessed. Once it is assessed, it takes approximately ten business days to receive email notification of the results of your credential assessment.

14. How will I be notified once my file has been assessed?

- You will receive email notification of the results of your credential assessment within ten business days after your file has been assessed.

15. Once my credential assessment file has been assessed, what is my next step?

- You will receive email notification of the results of your credential assessment within ten (10) business days after your file has been assessed. The written notification will outline your next steps towards registration as a licensed practical nurse (LPN) in Manitoba.

16. I heard that I must pay for my CCA, is this true?

- Yes. The fee is currently \$1425.00; it is not set by CLPNM and is payable to Université de Saint-Boniface.

17. What do I do if I fail the competency exam?

- The clinical competence assessment (CCA) is not an exam. If the CLPNM determines that there are some gaps in your nursing education, experience, knowledge, skills, and judgement based on the outcome of your CCA, you may be referred to the Supervised Student - Internationally Educated Nurse (SIEN) program, to some or all of the courses in the Practical Nursing Qualification Recognition (PNQR) program, or to some courses through Continuing Education and to the full PNQR program. If the CLPNM feels that your gaps in nursing education, experience, knowledge, skills, and judgement are too significant to be addressed by the SIEN program, PNQR program, and/or by courses through Continuing Education, you would then be required to take a Diploma in Practical Nursing (DPN) program.

- Please note that IENs who are unsuccessful in their first CCA, meaning noted gaps cannot be addressed by bridging education, continuing education, and/or the SIEN program, may be given the opportunity to repeat the CCA, at the discretion of the Executive Director.

18. When am I able to take the jurisprudence education session at the CLPNM?

- The jurisprudence education session may take place within the PNQR program. If not, you cannot take the jurisprudence education session until you have been directed to do so by the CLPNM.

19. Some friends of mine told me about a few blogs and groups on Facebook that guide IENs about how to apply to NNAS and how to seek registration as a nurse in Canada. With this information, do I still need to read information on the NNAS and CLPNM websites?

- Yes. When seeking information about how to apply to NNAS and how to seek registration with the CLPNM (or with any nursing regulatory body in Canada) you should always go directly to the source.

IEN Application for Registration Pathway

The following flowchart outlines the essential steps in the IEN application process.
